

Game Name: Double Dice Derby	Age Range: Everyone
Number of Players: 2 - 4	Playing Time: 20 minutes
Rule Version: 1	Date: 11/2/24

Objective:

Have the most tokens on the board by the end of the game.

Components:

- 50 Task cards
- 4 Dice
- 4 Sets of Token (8 colors each)
- Mat

Setup:

1. Give each player a set number of tokens (e.g., 5 tokens each).
2. Place the game mat in the center where all players can easily reach it.
3. Shuffle the task cards and draw enough to fill the spots on the mat (e.g., 10 task cards for a mat with 10 spots). Place the drawn cards face up on their respective spots

Gameplay:

1. Each player rolls the dice. The player with the highest roll goes first. In the case of a tie, those players reroll.
2. On their turn, a player rolls the dice.
3. After rolling, the player must choose one of the following actions based on their roll:
 - If they meet the requirements of a task on the mat corresponding to their roll (e.g., "Roll a total of 7"), they place one token on that task spot. Once a token is placed on a task spot, it is no longer available for any other player.
 - If they don't complete a task, their turn ends, and no tokens can be placed.
4. Play continues clockwise around the table until all players have had their turn.
5. The game continues until all tasks have been completed.

Winning the Game:

At the end of the game (after all rounds or tasks are completed), players count the number of tokens they have placed on the mat. The player with the most tokens wins.
